

Statement on the adoption of the P2B regulation's interinstitutional agreement by the European Parliament

[Brussels, 17 April] We welcome today's endorsement by the European Parliament of the interinstitutional agreement on fairness and transparency in platform-to-business relations.

Benedikt Blomeyer, Manager European Affairs at Allied for Startups, said *"The diversity of the platform economy was largely taken into account in the final text and we are pleased that the negotiators have pursued a principle-based approach. This will improve the functioning of the Digital Single Market and help over 3700 startups in the platform economy to provide better products and services"*.

We would like to thank the teams within Presidencies, Council, Parliament and Commission who worked hard to strike a balance on this file.
